Planner, architect, interior designer (m/f/d)

Description

To strengthen our creative team in Emsland, we are looking for full-time dedicated colleagues right away. You are enthusiastic about planning contemporary design concepts in the catering and hotel industry and think that your creativity can inspire many people? Then send us your application documents to the address below or directly here via our website and we will get back to you.

Responsibilities

- Participation in new construction projects and buildings in the existing building
- Design, approval and execution planning of construction projects
- Planning and coordination of construction work
- Communication with our project partners

Qualifications

- Successfully completed studies (Uni/TU/FH) in the field of architecture/interior architecture
- Work experience is desirable
- Wide-ranging interest in all planning areas and joy in working in a team
- Distinctive creative competence
- Good knowledge of VOB, occupational safety and environmental regulations, technical regulations and DIN/ISO regulations
- Entrepreneurial thinking and organizational talent
- Joy in communicating and interacting with people
- Prior knowledge of Autodesk Revit is desirable

Job Benefits

A secure workplace in a successful, future-oriented and dynamic company with exciting projects as well as plenty of room for your creativity. You work together with a highly motivated team in our new spacious offices and can rely on quick support and implementation through our flat hierarchies. Fair remuneration and opportunities for supported training are complemented by additional services such as free drinks, fresh fruit, employer-funded pension subsidies and staff discounts on the offer of the restaurant. Our variety of projects gives you the opportunity to work with various well-known architects from our partnerships.
